MISCELLANEOUS NEWS

* **Custer Township Volunteer Fire Department** will be needing assistance with creating props, building props, operating props, and decorating rooms within the haunted house. Actors are also needed for the haunted house, along with other volunteers for other miscellaneous duties. This would be a great opportunity to obtain community service hours. If you work on the haunted house for community service hours we would ask that you get a sheet from the guidance department that needs to be signed and a fire department staff member will over see and sign the community service sheet. We have set September 1, 2011 as our tentative start date on the haunted house. See also the attached scholarship information from the Custer Township Volunteer Fire Department.
