### About Dual Credit

The Dual Credit program is a partnership between Joliet Junior College and area high schools and career centers. This program allows students to earn high school and college credit upon successful completion of a dual credit course.

### Benefits of Dual Credit

- As a dual credit student you are also a JJC student! You can obtain a **JJC student ID card** at the [Main Campus Photo I.D. Services](#) or the [Romeoville Campus Resource Center](#). There are many benefits to having a JJC student ID card.
- **Reduces overall college costs.** Joliet Junior College dual credit courses are offered at no cost to the student if they are taught by an approved high school instructor because tuition and fees are waived.
- **Speeds up the time to college degree completion.** Dual credit students will complete their degrees in less time.
- **Enhances the curriculum for high school students.** The addition of college coursework to high school curricula expands the options available to high school students while adding college level rigor.
- **Facilitates the transition between high school and college.** Dual credit courses help prepare students for the transition to college by engaging them in college level work and developing pathways to degree attainment.
- High school students are able to **obtain college credit prior to graduation.**
- Students enjoy the convenience of **taking JJC dual credit courses within their high school** daytime schedule.
- **Dual Credit courses are transferable JJC courses.** The student will receive a JJC transcribed grade upon completion of their dual credit course. For additional information about transferring credit please refer to [itransfer.org](http://itransfer.org).
