

ZONAR MyView™

Zonar MyView™ Parent User Guide

- Updated
- September 29, 2020

If you are trying to locate your student, please call your student's school directly. Zonar MyView notifies you when a specified bus enters a preset zone. The app does not track your child.

How to download the Zonar MyView app

The Zonar MyView app can be downloaded at the [Google Play Store](https://play.google.com/store) on Android devices and the [App Store](https://apps.apple.com/us/app) for iOS:

1. Navigate to:
 - The Google Play Store at: <https://play.google.com/store> from your Android device; or
 - The App Store at: <https://apps.apple.com/us/app> from your iOS device.
2. Tap **Install** or **GET**.

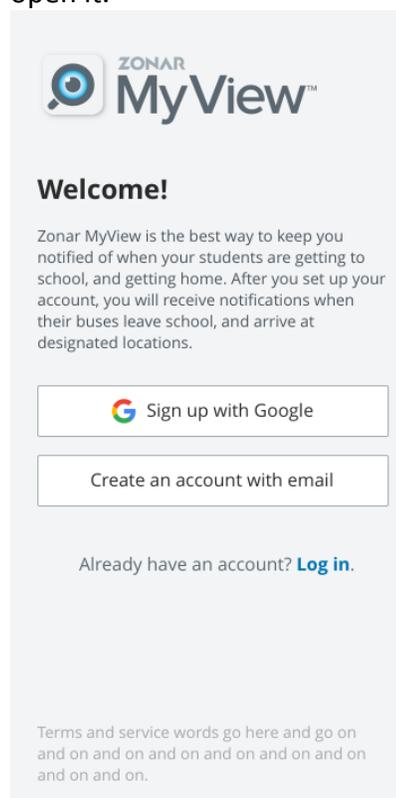

3. Tap on the app icon to open Zonar MyView.

Compatibility:

Android	Lollipop OS or greater
iOS	iOS 12.0 or greater

How to create an account/log in

1. Tap on the application on your device to open it.

2. Tap **Create an account with email**.
3. Enter your full name and email address.

4. Enter a password that you will use to access the MyView app. **Password: 25500**
5. Select the method you want to be notified about bus updates (either push notifications through the app, or via email).
6. Tap **Next**.

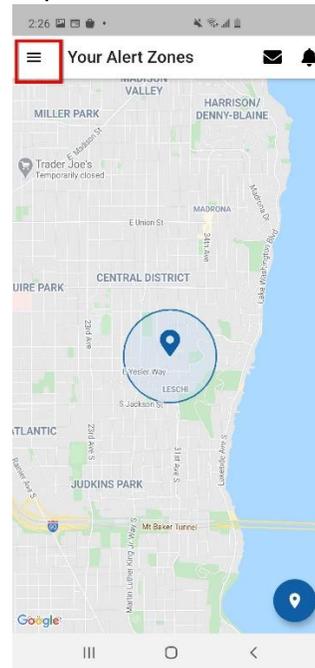

How to add a student

The security of your student information is important. Your school district supplied you -- as parent or guardian -- with a unique student ID for each individual student. Contact your school administration if you do not have that student ID number.

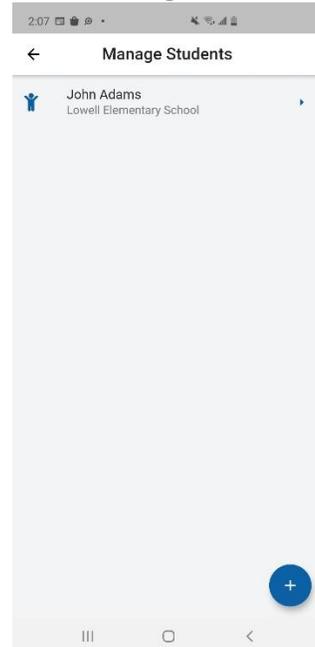

To get your child's STUDENT NUMBER, you will log into PowerSchool.

The student number is in green.

1. Tap the Main Menu.

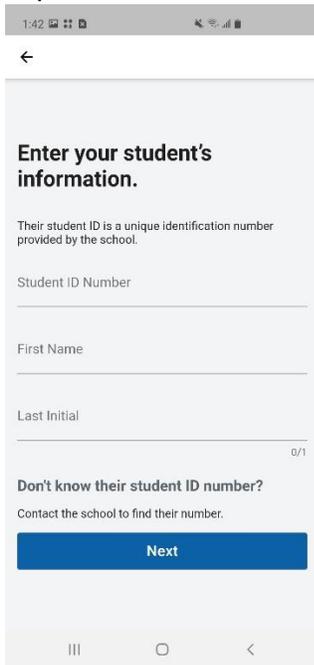

2. Tap **Students** or **Add Students**.
3. If you already have a student listed and want to add another student, tap  in the lower right-hand corner.

4. Enter your student's ID number, first name, and last initial.

5. Tap Next.

How to remove a student

1. Tap the Main Menu.

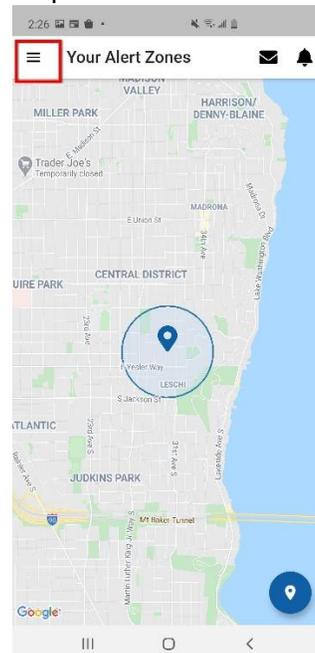

2. Tap Students.

3. Swipe left on the student name you want to remove.

How to create an Alert Zone notification

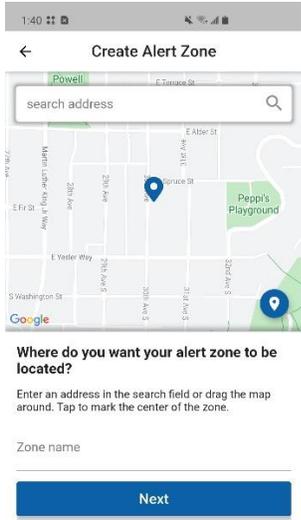

1. Tap the main menu.

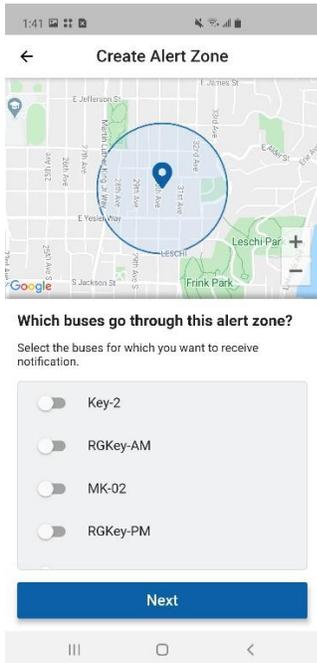

2. Tap **Create Alert Zones** or **Alert Zones**.

3. If you already have an Alert Zone listed and want to add another Alert Zone, tap  in the lower right-hand corner.

- Enter an address in the search field or drag the map around. Tap the map to drop a pin at the center of the Zone.

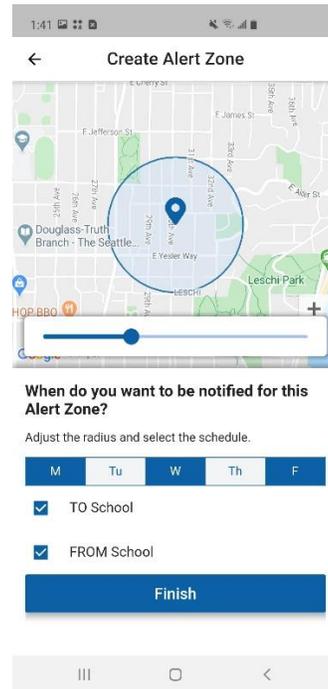

- Name the Alert Zone. Tap **Next**.
- Select all buses that go through the Alert Zone from the list of buses.

- Tap **Next**.
- Use the slider to adjust the radius of the Alert Zone.
- Select the days of the week and time (either TO or FROM school) that you want to be

notified.

- Tap **Finish** to set the Alert Zone.
