CORE VALUES

*Integrity
Respect
Volunteer Service
Excellence*

CADETS– Young men & women ages 12-21 have the opportunity to participate in community service, train to help other through emergency services and search and rescue exercises, learn leadership skills, discipline, aerospace education, build model rockets and even fly a plane.

TEACHERS– Do you enjoy teaching and molding young adults into leaders of tomorrow by teaching about the history and science of aerospace education? Would you appreciate receiving free volumes of teaching materials? Learning how to Fly?

SENIOR MEMBERS – Adults over 18 who enjoy volunteering in Leadership, Search and Rescue, Survival training, Disaster Relief, Character Development and learning how to fly.

We look forward to seeing you!
